

TRADITIONAL Calendars

Traditional calendars today use the gregorian calendar which was introduced by the catholic church in 1582. It is a solar calendar, and does not consider the rest of YHVH's creation, and therefor cannot fall in line with the Appointed times (Mo'edim) and festivals instructed by YHVH to keep forever.

To make it easy for anyone who are new to Torah, or would just like to understand YHVH's calendar, we have included both calendars. The gregorian calendar year/month date is set in light grey at the top left corner, e.g.

2025/03

Calendar Pictures

We have created a beautiful collage of photos for each Chodesh (month).
FREE to download from our website.

SCRIPTURE Calendar

On this calendar, we have left the scriptural calendar dates blank, and only have made a note in the right blocks for the equinoxes and Mo'edim. We have done this for our brothers & sisters who might differ in a day before or after what we have listed, so you can fill in your own dates. The calendar that we follow with dates filled in, are also available for download from our website, which you are welcome to use - even if you just want to compare how we have calculated the dates for the Mo'edim. We have another document for free download, that explains how to calculate the Mo'edim with another page on the scriptural instructions.

Each month (Chodesh) will have 2 numbers. The one in brackets and grey - will be the month that has started from the previous gregorian month. Once the new moon occurs, the next month (Chodesh) will start, which will be the second number in black.

Chodesh ⁽¹²⁾ 1

NEW MONTH

As shown above, we have used the black lines to indicate the new month. As below, blue lines show Sabbath days. And once you have marked your Mo'edim on your calendar, you can mark the days with a green line, and a yellow line for any other days you might find important.

SCRIPTURE READING

The scriptural reading plan can also be downloaded for FREE from our website.

The scriptures given each month, is an average of Books & Chapters that you have to try and complete for that month. Because the months overlap with each other (2 calendars on 1 page), and the scripture reading plan is based on the scripture calendar - some scriptures at the beginning and end of a month will be repeated.

Some days' scripture-plans might be 5-10 minutes' read, and other days might be 10-15 minutes' read. We would really like to encourage you to try and stick to a daily reading. If you might have any questions or interest in that specific days' scripture, we will have links on our website to pages & notes that explain a bit on each days' reading.

16	17	18	19	20	21	22
23 / 30	24 / 31	25	26	27	28	29

SCRIPTURE READING

Take the last week before the new month - to read the following chapters below. That will give you a week in advance for the year - plus you will be in time to read Exodus at the same time for the Moedim Pesach (Passover)!

- Genesis 1-24
